A circular stamp from the National Archives of the United States. The text "THE NATIONAL ARCHIVES OF THE UNITED STATES" is arranged in a circle around the perimeter. The stamp is slightly faded and has a textured appearance.

A hand-drawn sketch of a complex, irregular shape, possibly a map or a diagram, on a grid background. The shape is composed of several interconnected loops and lines, with a prominent vertical line on the left side and a horizontal line at the top. The drawing is done in black ink on a white background with a faint grid pattern.

Census roll.

Reming

Original.

Census Fort Apache Agency,
Arizona, June 30, 1906.

Males	1003.
Females	1069.
Total	<u>2072</u>

The decrease in total population of the reservation, as compared with last year, is due to errors in skipping numbers in making out roll of last year. In the roll prepared last year this occurs frequently, in one place eleven numbers being left out. Several names were also repeated. This report eliminates all that and, so far as it can be ascertained, there is no perceptible increase or decrease in reality, probably would amount to three increase.

School Population: 637.

Males	341
Females	296

The increase of school population over last year is accounted for by the fact that then it was computed from 6 to 18 years while this time it was taken from 5 to 18, excepting those just and not past 5 and those that would be 19 prior to beginning of school.

Number of children attending reservation school	198
" " " " non "	8.
" " " not " any school	431.
" " " " physically fit to attend school	210.
" " " that should have schooling	231.
